This press statement was issued on Friday 21 August 2015 after the joint meeting of delegations from Popular Unity and Antarsya.

The political developments were discussed in a comradely climate. More specifically the new conditions that have been shaped since the sweeping OXI victory, the vote by the SYRIZA - ANEL government of the third Memorandum of the EU and the IMF, on the important upcoming elections and mainly on the negative consequences that the new barbarian measures will have on the popular layers and the need for a coordinated fight for their overthrow.

The ANTARSYA delegation presented the proposal of an open call for the political collaboration of the anticapitalist anti-imperialist, anti-EU and subversive forces.

On behalf of Popular Unity, Panagiotis Lafazanis and Yannis Toliou gave information on the goals of the initiative for the creation of a new party and the effort to build a wider anti-memoranda front from collectivities and personalities of radical Left.

It was agreed to hold a new meeting in the near future.
